Education

National College of Science and Technology (NCST) Dasmariñas, Cavite
Bachelor of Science in Computer Science (BSCS). 2025

Relevant Coursework: Computer Networks, IT Support & Troubleshooting, Front-End Web Development.

Experience

Northern Border University Arar, Saudi Arabia
Front End Trainee (OJT) Nov 2025 – July 2026

- Learned and applied **HTML, CSS, and JavaScript** through hands-on web development tasks.
- Created and styled **login and registration forms** with input validation and field restrictions.
- Tested existing websites to identify **functional, layout, and UI issues**, then documented and reported findings.
- Performed **repeated website testing** during maintenance and renovation updates.
- Designed a **sample e-commerce landing page** for a tumbler product using different visual styles and layouts.
- Applied **UI/UX and minimalist design principles** to create clean, user-friendly interfaces.
- Used **AI-assisted development and prompting** to support coding, troubleshooting, and faster implementation.

Nineveh Academy Dasmariñas Cavite
IT Support (OJT) Feb – Mar 2026

- Set up and prepared new PCs and operating systems, including **installation of Microsoft Office, Python, and other required software.**
- Performed hardware inspection and **basic troubleshooting of desktops, checking SSDs, HDDs, RAM, and overall system condition.**
- Assisted with **PC maintenance, software installation, configuration, and preparation of computer units** for student use.
- Provided **basic IT support and technical assistance, helping maintain functional** and ready-to-use computer workstations.

Certificates

- | | |
|--|--------------|
| • Simplilearn SkillUp
Introduction to Artificial Intelligence. | July 2026 |
| • Simplilearn SkillUp
Introduction to Figma. | July 2026 |
| • Northern Border University
Certificate of Training. | July 2026 |
| • Nineveh Academy
Certificate of Training. | March 2025 |
| • Convergent Technology
ON2 Data Center Webinar. | January 2025 |

Projects

Wire Warden (Thesis) | 2D Educational Networking Simulation. Dasmariñas Cavite
Most Outstanding Undergraduate Research. 2025

- Developed an interactive simulation teaching **LAN cable color coding, wiring standards, cutting, crimping, connector assembly, and cable testing.**
- Applied practical knowledge of **network cabling, hardware connections, and basic troubleshooting** to simulate real-world IT tasks.

Skills & Interests

Technical: HTML, CSS, JavaScript, Figma, Windows, Software Installation, IT Support, Hardware Troubleshooting, PC Deployment, Networking, System Monitoring

Language: English, Filipino

Laboratory: LAN Tester, Cable Crimper, Cable Tester, Hardware Diagnostic Tools.
